

NDIS SERVICES

About ESports Collective

Local Bairnsdale parents, Anna and Deryck, founded ESports Collective to fill a gap in youth entertainment within the wider area. Inspired by their son's passion for gaming and the growth of ESports, they created a dedicated community space centered around gaming. Their mission is simple: Make Gaming Social.

ESports Collective provides a safe, inclusive gaming environment for all ages and skill levels, fostering sportsmanship and social connection. You don't need to be a hardcore gamer to enjoy ESports Collective; we offer diverse activities for everyone, regardless of age or experience.

Capacity Building Programs

Our NDIS Capacity Building Pathway Programs offer practical training and support to enhance your independence. Across a variety of programs leaning on different interests, participants learn valuable life skills, connect with like-minded people, and meet their goals.

We tailor our programs to individual passions, ensuring engaging and meaningful learning experiences.

Peer Support Program

ESports Collective is building Peer Support to strengthen our community. Gamers connect through shared experiences, discuss strategies, overcome challenges, and build skills in a supportive, collaborative environment. It's like having a dedicated squad for your growth, in-game and beyond.

NDIS Social Sessions

Our NDIS Social Sessions offer a unique opportunity for gamers to combine their love of gaming with personal growth. By connecting with peers who share their enthusiasm for gaming, participants can foster meaningful relationships, build essential life skills, and develop a sense of belonging.

Time & Cost

Monday & Friday: 1pm-5pm
\$22 Members
\$30 Non-Members

Transport

Our NDIS Social aligns perfectly with the Paynesville Bus Service, making it easier than ever to visit us! Head to Paynesville on 12pm Bus from the Train Station. Return on the 5:15pm service.

Things to Know

Please BYO Lunch, though drinks and snacks will be available for purchase. Our sessions are unstructured, offering free play on our consoles, gaming PCs, and sim racers. For those who prefer non-gaming activities, we also have board games available.
